THE OPPORTUNITY

A group of six diverse students, three young men and three young women, are walking together on a university campus. They are all smiling and laughing, appearing to be in a joyful conversation. The students are dressed in casual attire, including t-shirts, plaid shirts, and button-down shirts. Some are carrying backpacks and books. The background shows a stone building with columns and greenery.

WHAT IS THIS PROJECT?

EXPERIENTIAL PEACE LAB

The Experiential Peace Learning Program is a practical approach that enables students to experience peace through real interaction, reflection, and dialogue. Rather than learning peace as a concept, participants actively engage in creating ideas and solutions together.

A group of four diverse students (two men and two women) are walking through a hallway with large arches. They are all smiling and cheering, with their right fists raised in the air. The student on the far left is a Black man with a beard, wearing a white long-sleeved shirt and a black backpack. The student next to him is a woman with long dark hair, wearing a grey top. The student next to her is a white man with short brown hair, wearing a blue denim shirt over a white t-shirt. The student on the far right is a white woman with blonde hair, wearing a blue and white striped tank top and a black backpack. The background is a hallway with large, light-colored arches and columns, with warm lighting from the right side.
